

Faculty Position in the Institute of Laser Engineering, Osaka University

Outline	Institute of Laser Engineering is now inviting applications for a Professor for fundamental and application research on power laser photonics and laser system engineering. The candidate is expected to support the joint usage/research activities of the laboratory and promote collaboration researches with cooperating organizations domestic and abroad. The candidate will also act for cooperative lectures at the University, and direct their students accordingly.
1. Position	Professor
2. Number of Positions	One
3. Affiliation	Photon Beam Science Division of Institute of Laser Engineering
4. Work Location	Suita Campus (2-6, Yamadaoka, Suita-city, Osaka)
5. Specialized Field	Laser engineering
6. Responsibilities	(1) Research on power laser photonics and laser system engineering. (2) Support of the joint usage/research activities of the laboratory and promotion of collaboration researches with cooperating organizations domestic and abroad. (3) Collaboration researches with high power laser facilities domestic and abroad. (4) Teach courses, conduct practicals, and offer research guidance on laser engineering at the undergraduate and graduate levels.
7. Qualifications	[Essential] (1) Ph.D. or equivalent in related field (2) Specialized knowledge in laser engineering (3) Capable of communicating in Japanese on a daily basis (4) English language ability sufficient to fulfill one's work duties
8. Starting Date	April 1st, 2018 (or as soon as thereafter)
9. The term of Employment	No Fixed Term
