

On 8 May 2021, the University of California, Davis (UC Davis), our strategic partner university, and our faculty and students participated in the "Student Perspectives on Sustainability and the Sustainable Development Goals: A Roundtable by Osaka University and UC Davis," which was held online. This was the first university-wide student event with UC Davis, with the theme SUSTAINABLE CITIES AND COMMUNITIES, which is Goal 11 of the SDGs (Sustainable Development Goals) set by the United Nations.

At the beginning of the event, Professor Doi of the Graduate School of Engineering and Professor Rodriguez from UC Davis gave lectures on research and on collaboration between the two universities as guest speakers. After that, four panelists, two students from both universities, actively discussed the efforts to realize a sustainable society on their campuses and in their communities. A total of 68 people from both universities participated online, and the event closed with a lively Q&A session.

Sustainable Development Goals
