

Please input your career choice from the link below.

System for Publishing "Career" Decisions

<https://cs-web.osaka-u.ac.jp/report/>

大阪大学公式マスコットキャラクター「ワニ博士」
(リクルートスーツバージョン)

All graduating students,

You are requested to publish/input your "career" choice (i.e., your choice as to what you will do after graduation from OU) regardless of whether your intention is to seek employment or continue your education.

You are requested to enter this information in the system once your steps in life after graduation have become clear. This information enables the university to know what students are doing after graduation and *becomes important reference data for current students* when it is their time to decide on their next steps. Please enter the requested data before the end of March.
