Documents showing the amount of expected revenue, necessary expenditures, and income of the last three months

◆ Instructions

- This form is necessary to submit in the case where you are getting income from businesses* you launched after January 2, 2023.
(*Businesses include the case where there is no proof of income due to circumstances such as personal contracts with payroll providers as well as self-employment, freelance work, and outsourcing.)
- Please calculate the estimated annual income based on an average monthly income of the last three months.

Average monthly income of the last three months × 12 = Estimated annual income

- Please do NOT include the expenses you have already mentioned in Form 4 as necessary expenditures.
- Please do NOT include necessary expenditures in the case where they are supported by subcontractors etc.
- About necessary expenditures, please make sure to write specific contents (ex: Transportation cost or Communication cost) In the case where there is no necessary expenditure, please write "Nothing".
- If there is any doubt about the necessary expenditures, we may contact you by-email.

I hereby certify that the below information is true and correct.
