

Space for University-Wide Use Created through the Department-Proposed Space Creation Support Program

This space has been created by individual departments and other units through the Department-Proposed Space Creation Support Program* for university-wide use.

Please feel free to use this space. We kindly ask all users to follow the applicable rules and guidelines.

Please note that these spaces may be closed during the year-end and New Year holidays and at other times.

*** Department-Proposed Space Creation Support Program:**

This program invites departments and other university units to submit proposals for creating indoor and outdoor spaces for university-wide use and for making better use of underutilized spaces. Funding is provided for renovation and related costs for selected proposals
