## 1. Program

- ✓ Osaka University International Certificate Program (OUICP) is a new educational program commenced in 2020 in collaboration with Osaka University Joint Campus counterpart universities in ASEAN Countries.
- ✓ Osaka University issues a certificate upon successful completion of the program on a specific field with 6 to 8 credits.
- ✓ OUICP is for Graduate students of Joint Campus counterpart universities and working people (non-students) who have received at least a bachelor's degree.
- ✓ The program starts in December 2020 and ends in September 2021 for this time only (normally starts in October and the total period of completion is one year).
- ✓ Participants in the program have to practice Practical Study Abroad (PSA) course and study at Osaka university for at least 60 days in one or more of preferable term(s)\*. (For 2020-2021)  
\*Winter Term (December 2 – February 5) / Spring Term (April 9 – June 10) / Summer Term (June 11 – August 7)

### ● Program Details

Applicable exchange agreements	Active university-wide agreement (or active and relevant school level, discipline specific student exchange agreement if the conditions are met)
Campuses	Toyonaka, Suita or Minoh
Study type	Participants can take lectures and earn credits at Osaka University Joint Campus throughout the year. When studying abroad at Osaka University, participants will practice one or more of the PSA courses composed of laboratory work, field study and internship
Medium of language	English
Total credits	6-8 credits
Duration	From December 2020 to the end of September 2021 for this time only. (Participants will stay in Japan for at least 60 days and will complete the PSA course at Osaka University). *Program may be offered online depending on the situation of covid-19.
Eligibility	Graduate students of Joint Campus counterpart universities, and working people who have received at least a bachelor's degree are eligible
Requirements for "Program Completion Certificate"	Successful completion of 6-8 credits during the program
Accommodation	In the event that university accommodation is not available, OU will assist in finding a private accommodation.
Airport pick-up	Not available - directions and transportation information to the residence hall or university will be distributed.

		Required	Optional	
OUICP-Fundamentals of Industrial Biotechnology	Center for Global Initiatives	1		Winter
SDGs and Asia-Pacific Region II	Center for Global Initiatives	1		Summer
Laboratory study I (PSA)	Center for Global Initiatives	* 1		Winter, Spring, Summer
Laboratory study II (PSA)	Center for Global Initiatives	* 1		Winter, Spring, Summer
Laboratory study III (PSA)	Center for Global Initiatives	* 1		Winter, Spring, Summer
OUICP-Advanced Biotechnology	Center for Global Initiatives		1	Winter, Spring, Summer
ESP Frontier Chemistry A	Graduate School of Engineering		1	Winter
ESP Frontier Chemistry B	Graduate School of Engineering		1	Spring, Summer
Bio-Inspired Chemical Engineering	Graduate School of Engineering Science		1	Winter, Spring, Summer
Current Topics	Graduate School of Science		2	Winter, Spring, Summer
Natural Product Chemistry	Graduate School of Science		1	Spring, Summer
Organic Biochemistry	Graduate School of Science		1	Spring, Summer
Biomolecular Chemistry	Graduate School of Science		1	Winter

### Nanoscience and Nanotechnology as Manufacturing Core

Course Name	Course Affiliation	Credits		Course Term
		Required	Optional	
OUICP-Nanoscience and Nanotechnology	Center for Global Initiatives	1		Winter
SDGs and Asia-Pacific Region II	Center for Global Initiatives	1		Summer
Laboratory study I (PSA)	Center for Global Initiatives	* 1		Summer
Laboratory study II (PSA)	Center for Global Initiatives	* 1		Summer
Internship I (PSA)	Center for Global Initiatives	* 1		Summer
International Exchange Lectures on Nanoscience and Nanotechnology B	Graduate School of Engineering Science		1	Summer
International Exchange Lectures on Nanoscience and Nanotechnology C	Graduate School of Engineering Science		1	Summer
Topics in Quantum Simulations	Graduate School of Engineering		1	Spring
Tutorials on Computational Nano-Materials Design I	Graduate School of Engineering		1	Winter

## Frontier Engineering Science: An Introduction through STEM-Centered Learning

Course Name	Course Affiliation	Credits		Course Term
		Required	Optional	
Engineering Science: A First Step	Graduate School of Engineering Science	1		Spring, Summer
SDGs and Asia-Pacific Region II	Center for Global Initiatives	1		Winter
Laboratory study I (PSA)	Center for Global Initiatives	* 1		Spring, Summer
Laboratory study II (PSA)	Center for Global Initiatives	* 1		Spring, Summer
Internship in Graduate School of Engineering Science I	Graduate School of Engineering Science	* 1		Spring, Summer
Internship in Graduate School of Engineering Science II	Graduate School of Engineering Science	* 1		Spring, Summer
Topics in Engineering Science 1 (Materials Engineering Science)	Graduate School of Engineering Science		1	Spring, Summer
Topics in Engineering Science 2 (Mechanical Science and Bioengineering)	Graduate School of Engineering Science		1	Spring, Summer
Topics in Engineering Science 3 (Mechanical Science and Bioengineering)"	Graduate School of Engineering Science		1	Spring, Summer

## Halal Science, Technology and Innovation

Course Name	Course Affiliation	Credits		Course Term
		Required	Optional	
Halal Science	Center for Global Initiatives	1		Winter
SDGs and Asia-Pacific Region II	Center for Global Initiatives	1		Summer
Laboratory study I (PSA)	Center for Global Initiatives	* 1		Winter, Spring, Summer
Laboratory study II (PSA)	Center for Global Initiatives	* 1		Winter, Spring, Summer
Laboratory study III (PSA)	Center for Global Initiatives	* 1		Winter, Spring, Summer
Field study I (PSA)	Center for Global Initiatives	* 1		Winter, Spring, Summer
Field study II (PSA)	Center for Global Initiatives	* 1		Winter, Spring, Summer
Field study III (PSA)	Center for Global Initiatives	* 1		Winter, Spring, Summer
Internship I (PSA)	Center for Global Initiatives	* 1		Winter, Spring, Summer
Internship II (PSA)	Center for Global Initiatives	* 1		Winter, Spring, Summer
Internship III (PSA)	Center for Global Initiatives	* 1		Winter, Spring, Summer
Advanced Technology for Halalan –Toyyiban	Center for Global Initiatives		1	Winter
Product and Service Innovation for Halalan – Toyyiban	Center for Global Initiatives		1	Summer
Halal in Southeast Asia I	Center for Global Initiatives		1	Spring, Summer
Halal in Southeast Asia II	Center for Global Initiatives		1	Spring, Summer
Halal in Southeast Asia III	Center for Global Initiatives		1	Spring, Summer

# Introduction to Computational Materials Design

Course Name	Course Affiliation	Credits		Course Term
		Required	Optional	
OUICP-Introduction to computational materials design	Center for Global Initiatives	1		Winter
SDGs and Asia-Pacific Region II	Center for Global Initiatives	1		Summer
Laboratory study I (PSA)	Center for Global Initiatives	* 1		Winter, Spring, Summer
Laboratory study II (PSA)	Center for Global Initiatives	* 1		Winter, Spring, Summer
Tutorials on Computational Nano-Materials Design I	Graduate School of Engineering		1	Winter
Topics in Quantum Simulations I	Graduate School of Engineering		1	Spring
Topics in Quantum Simulations II	Graduate School of Engineering		1	Summer
Solid State Physics	Graduate School of Engineering		2	Spring, Summer
Selected Topics in Quantum Physics of Solids	Graduate School of Engineering		2	Spring, Summer
Theoretical Materials Science	Graduate School of Engineering Science		2	Spring, Summer
Solid State Theory I	Graduate School of Science		2	Spring, Summer

\* Participants will practice at least two PSA courses.

## 7. Accommodation

Participants can request university accommodation after they receive notification of acceptance. There are both on-campus and off-campus accommodations as dormitory and flat type. However, due to the limited capacity for exchange students, participants may not be assigned to one of university accommodations. In the event that university accommodation is not available, OU will assist in finding a private and affordable accommodation.

## 8. Travel and Living Cost

Participants are responsible to bear the international travel and all costs of living in Osaka. The costs include accommodation, utilities, commuting expenses, food, insurances and medical fees, books, stationaries and all other personal expenses. To cover daily living expenses and be prepared for unforeseen costs, participants should secure at least 80,000 yen for a month stay.

## 9. Scholarships

Osaka University offers a certain number of scholarships to the incoming exchange students. The scholarship will be provided to the limited number of participants of OUICP during their stay in Japan. As the number of scholarship award is limited, students should make an appropriate financial plan without scholarship.

**OU ASEAN Campus SCHOLARSHIP for OUICP**
