### Admissions and Graduation

#### **Q 1 : Am I eligible to apply?**

**A 1 :** To be eligible to apply for Global 30 Undergraduate Degree Programs in English, you must meet one of the following criteria at the time of application or expect to meet one by September 30, 2013 (In case of October 2013 enrollment).

1. An international applicant (defined here as a student applying from outside of Japan) who has completed a standard 12-year school education curriculum (primary, lower and upper secondary) in a country other than Japan.
2. An international applicant who is at least 18 years of age and who, while not completing all twelve years of their education in that particular country, has passed upper secondary school level examinations and therefore considered to have reached the same academic level as a student who has completed the standard 12-year school education curriculum of that country and therefore eligible to apply for university in that country.
3. An international applicant who is at least 18 years of age, who has completed primary and secondary school education in line with the stipulations of that country or passed upper secondary school level examinations and therefore considered to have reached the same academic level as a student who has completed the standard primary and secondary school education curriculum of that country. However, because the qualification is not considered equivalent to a full 12 years in the Japanese system they have completed a pre-university preparatory education course required for admission to Japanese universities as designated by the Japanese Minister of Education, Culture, Sports, Science and Technology.

4. Japan-based applicant who is at least 18 years of age and who has completed a program of study in Japan at an educational institution offering the national curriculum of a foreign country and this said curriculum would be considered within the educational system of that country to be equivalent to completion of a standard 12-year school curriculum under rules of that country's school education system. In other words, they would be eligible to apply to a university in that country as a result of completing this said curriculum.
5. A Japan-based applicant who is at least 18 years of age and who has completed a program of study at an educational institution offering the national curriculum of a foreign country and who would be considered to have reached the same academic level as a student who has completed the standard 12-year school education curriculum of that country and therefore eligible to apply for university in that country and, in addition to this, has completed a pre-university preparatory education course required for admission to Japanese universities as designated by the Japanese Minister of Education, Culture, Sports, Science and Technology.
6. An applicant who is at least 18 years of age and who has obtained the International Baccalaureate Diploma awarded by the International Baccalaureate Organization in Switzerland.
7. An applicant who is at least 18 years of age and who has obtained the Abitur issued by the Federal Republic of Germany for college entrance.
8. An applicant who is at least 18 years of age and who has obtained the Baccalaureate Diploma issued by the French Republic for college entrance.
9. An applicant who is at least 18 years of age and who has completed the standard 12-year school curriculum at an accredited international school in Japan (recognized international accrediting agencies include WASC, ACSI, CIS) designated by the Minister of Education, Culture, Sports, Science and Technology .

**Q 2 : Do I have to take any tests before application?**

A 2 : Applicants are required to submit official scores of any standardized academic test for university entrance that you have taken.

Applicants whose native language is not English or who have not studied at a secondary school (high school) taught mainly in English will need to provide their English proficiency scores by submitting a score report of exams such as TOEFL, IELTS or etc.

**Q 3 : How can I apply?**

A 3 : Application guidelines are made available online in late July every year. Download the application from the website and send the completed application form with supporting application documents to International College by postal mail. Registered and express mail is preferred.

International College accepts applications from October.

**Q 4 : What are the required materials for application?**

A 4 : Application form (including essays), certification of English language proficiency (if required in your case. See Q2 and A2.), documents certifying eligibility for application, letters of recommendation, and results of national standardized tests for university admission and such.

**Q 5 : Is an application fee required?**

A 5 : The application fee will be waived for this current round (as of September 2012).
